

AOSEC 2023

Asia Oceania Systems Engineering Conference

Theme: Digitalization for engineering Complex Systems

11th - 14th October, 2023

Venue: HAL Convention Center, Bengaluru

Sponsorship Brochure

It is with great pleasure and warmth; we invite you all to the Asia Oceania Systems Engineering Conference – AOSEC 2023 to be held from 11th October 2023 to 14th October 2023 in Bangalore, India.

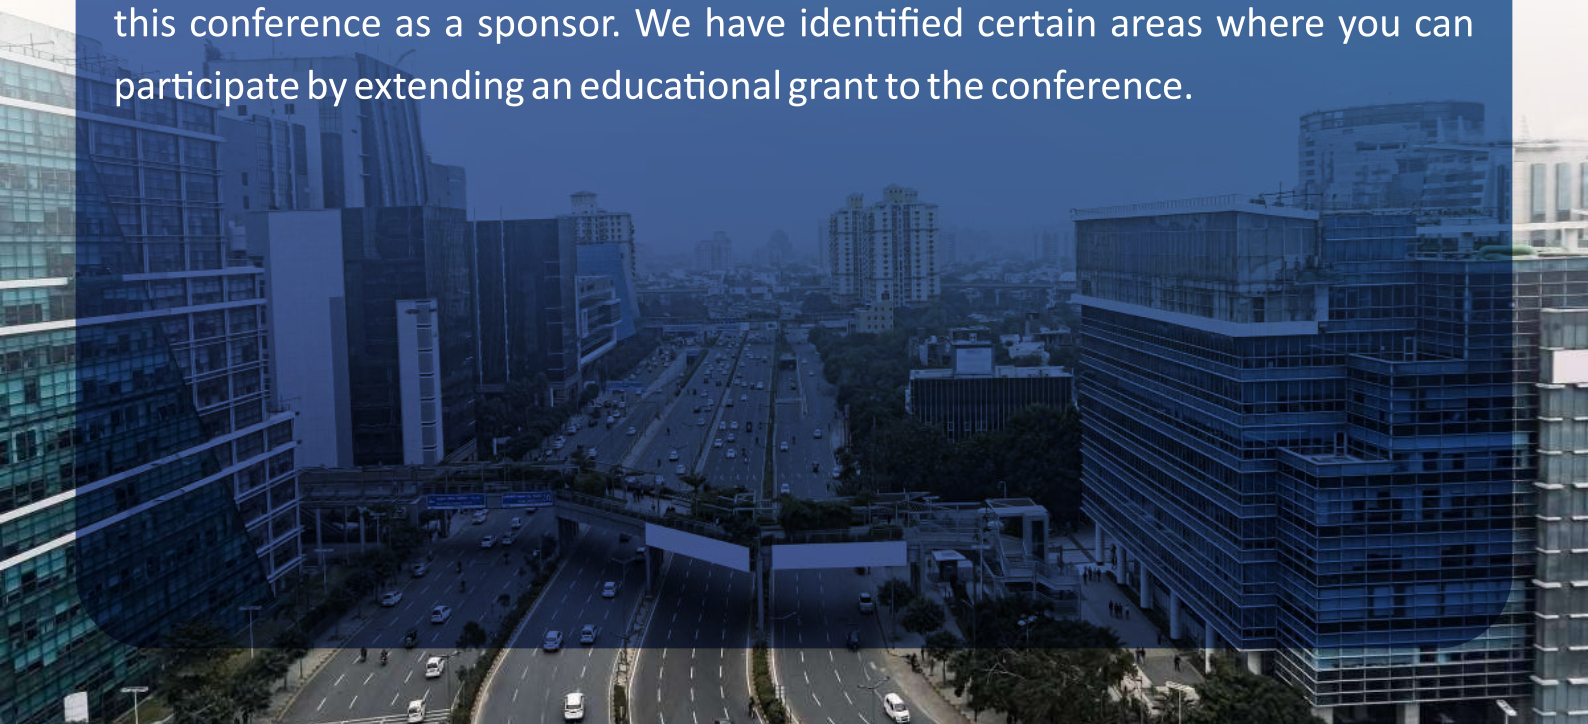

AOSEC 2023 is expected to be the largest conclave of the systems engineering community in India - including systems engineering industry practitioners, academicians, researchers and students. The main events for the conference are going to be on 12th and 13th October, with special workshops on 11th and 14th October 2023.

The theme of the conference is “Digitalization for engineering Complex Systems”

The event is an apt place for interaction between the trade and the members. The industry has the perfect opportunity to introduce and show case the company, its profile and products to the end users.

We eagerly look forward to your active participation and help in making this event a grand success.

We feel that your organization will be benefited immensely by participating in this conference as a sponsor. We have identified certain areas where you can participate by extending an educational grant to the conference.
